ENHANCING LIVES THROUGH BICYCLES

Ayanna Kimaro, Chief Impact Director

WELCOMING WORDS

As we reflect on the third quarter, we are delighted to share ABC Impact's continued progress.

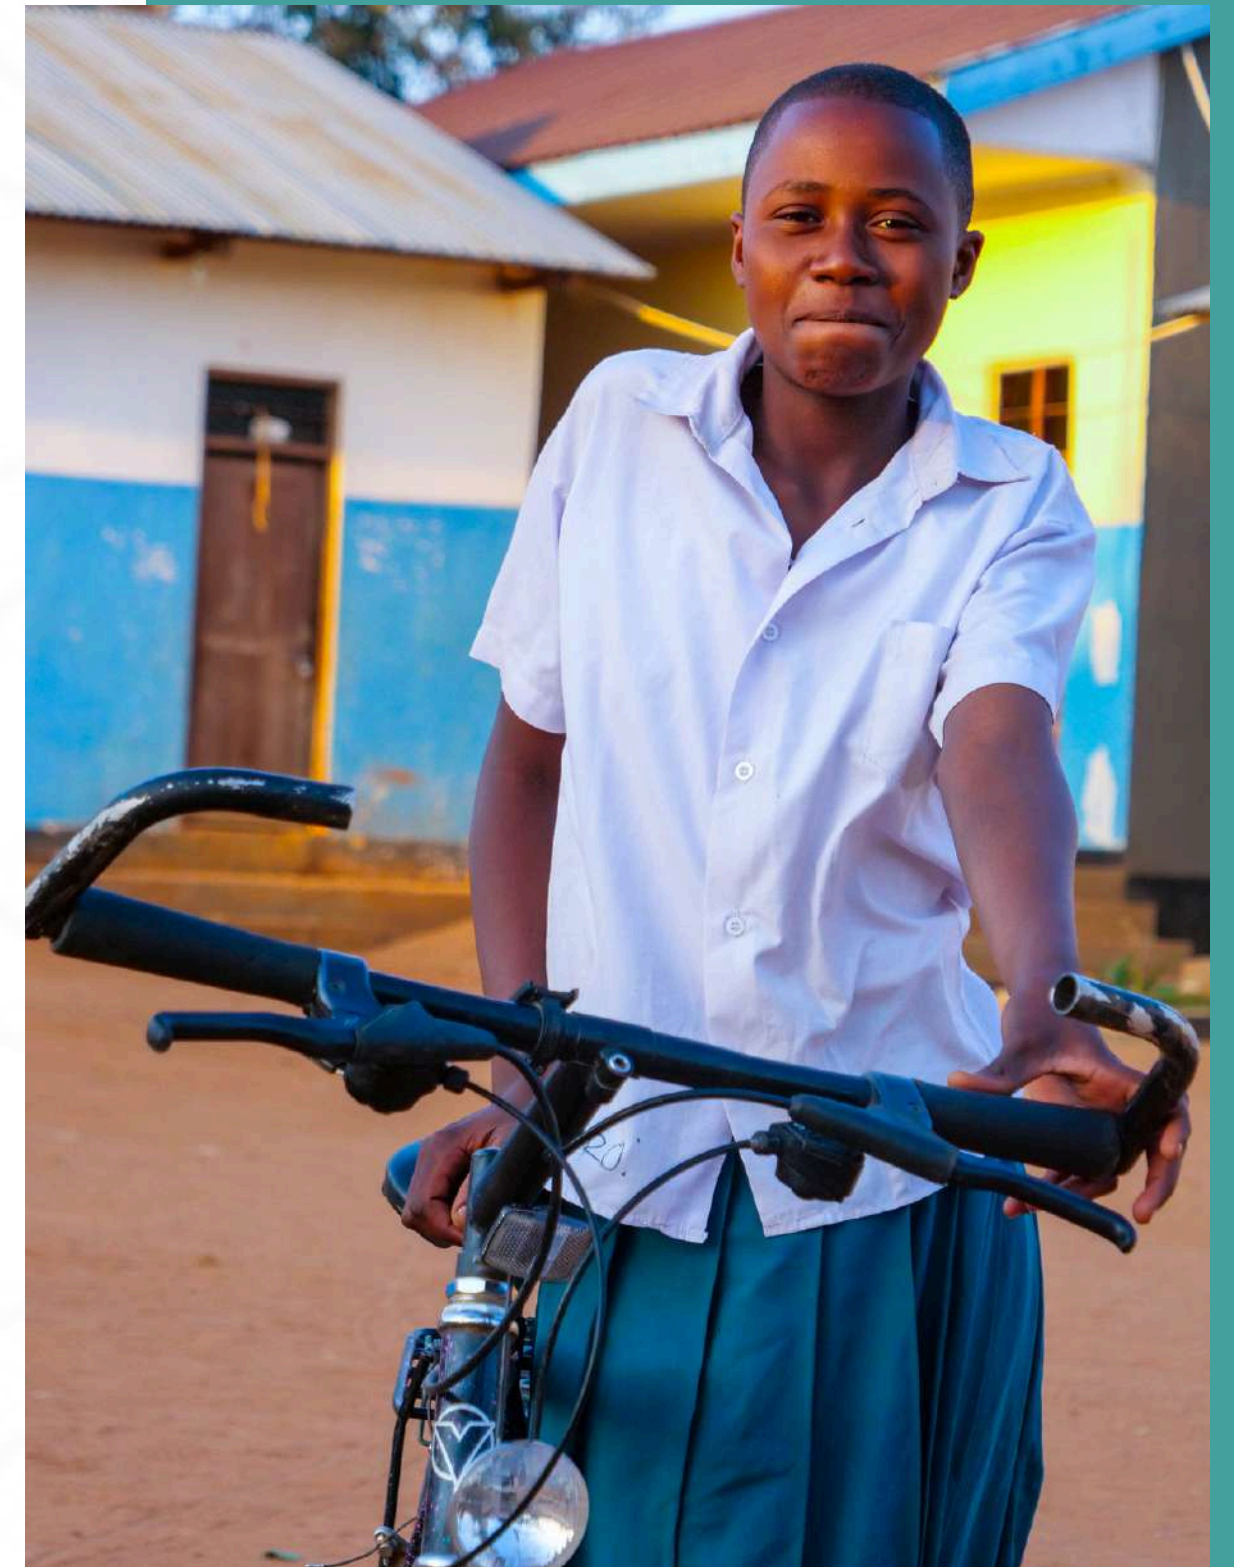

This quarter saw the expansion of our Bike2School program to Dodoma, empowering students with bicycles for safer and easier access to education.

Our Youth Bike Academy champions achieved victories in cycling competitions, inspiring their peers through resilience and determination.

Thank you for your unwavering support as we continue to create meaningful change and empower communities for a brighter future.

Organization Overview

We empower individuals to access education, healthcare and economic opportunities through life-changing bicycles.

- **Vision:** ABC Impact envisions a healthier, happier, better-educated, and more prosperous Tanzania utilizing bicycles for transport, sports, health, employment, environment, and leisure.
- **Mission:** ABC Impact empowers individuals to access education, healthcare, and economic opportunities through life-changing bicycles. We accomplish our mission through six programs.

Our Programs

1. Bike2School: A program that focuses on reducing the long-distance challenges faced by students in rural areas. Currently, the program helps both girls and boys through the distribution of bicycles, maintenance services, awareness campaigns, and the establishment of bicycle clubs in schools.

2. Youth Bike Academy: Develops young cycling talents from the streets to become professional cyclists of tomorrow through theoretical and practical training every Saturday.

Our Programs

3. Community Bike Forum: Brings awareness of the benefits of cycling through monthly fun rides and an annual bicycle festival, the Impact Bike Festival.

4. Bikepreneur: Creates capacities for youth in bicycle mechanic skills, entrepreneurship, and innovation.

5. Bikes4Trees: Aims to combat climate change by promoting the use of bicycles as a means of transportation for community members during tree planting activities. Currently, this program operates in Kahe, Kilimanjaro.

6. Bikes4Change makers: A program aimed at addressing long-distance challenges by tackling four critical needs in rural communities: Education, shelter, healthcare, and permaculture.

KEY SUCCESSESS

3.Attending O'Brien School's 17th Birthday Celebration

We were honored to celebrate 17 years of empowering the Maasai community through education. The school recognized ABC Impact's contribution with a certificate of appreciation for our ongoing support since 2022.

5.Meet the Profiles of Our 2024 YBA Champions

The image displays two identical promotional banners for the Youth Bike Academy (YBA) 2024 Champions. Each banner features a grid of 28 circular portraits of young cyclists, arranged in four rows of seven. The portraits show diverse young people wearing various cycling gear, including helmets and jerseys. Above the portraits, the text reads "YOUTH BIKE ACADEMY" in bold black letters, followed by "MEET OUR 2024 CHAMPIONS" in teal. The ABC Impact logo is positioned at the top center of each banner. A vertical purple text "2024 YBACHAMPS" is placed between the two banners.

6. Bike2School 2024 Launch in Dodoma Region in August

After the successful launch of the Bike2School Program in Kilimanjaro, we were able to bring this impactful initiative to Dodoma in 2024.

Bike2School 2024 Launch in Dodoma Region

Attendees

The event was graced by distinguished guests, including the **Vice Mayor** of Dodoma, Fadhili Chibango, who served as our guest of honor.

We were also privileged to host representatives from the Dodoma **Regional Police Command** (RPC), including OCD Benda Lugaho, alongside local leaders, teachers, parents, and students from the beneficiary schools.

This memorable event brought together over **1,000** attendees, highlighting the collective commitment to enhancing education through access to bicycles.

Bike2School 2024 Launch in Dodoma Region

Impact

A significant highlight of the event was OCD Benda Lugaho's inspiring address to the students.

He generously shared his personal **contact information**, ensuring students could seek assistance if they encountered challenges while riding their bicycles to and from school.

Furthermore, he pledged to organize **traffic training** for the students, equipping them with essential skills for safely navigating public roads with their bicycles.

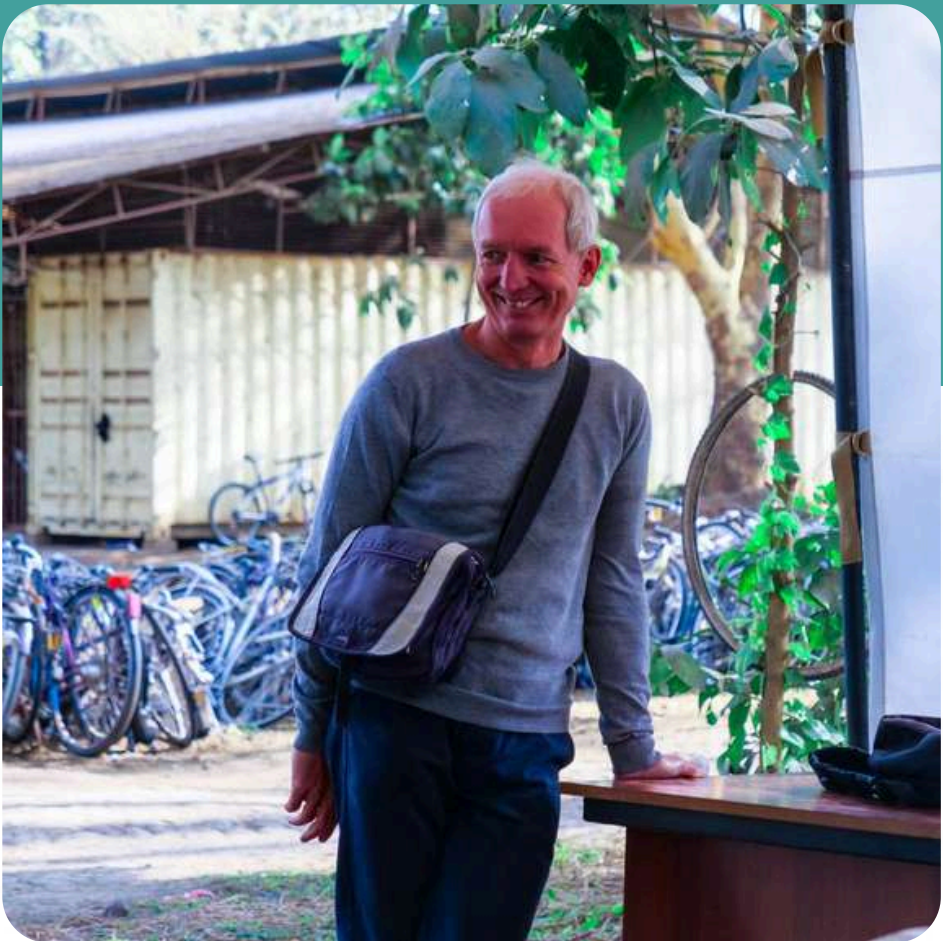

This launch marked another milestone in our mission to empower students, enhance education access, and promote safe and sustainable transportation within communities.

7. Bikepreneur in Motion

Second Bicycle Mechanic Training

After comprehensive internship phase from June 2024 to 19th August our beneficiaries came into class again to meet with the Bicycle mechanic trainer Mr Dani for a second Bicycle Mechanic training.

Mentoring Session

As we also aiming to create an entrepreneurship mindset to the Bikepreneur beneficiaries we had a mentoring session which connected them with the experience entrepreneur to communicated their stories and motivations.

This session was handles by the experience entrepreneurs as follows.

- Mariam Hussein Bongi

Founder of Himan investment & Company | Dustless chalk manufacturer and selling business

- Edson Nuru Nyaku

Digital marketer | Trainer | Graphics designer

- Johson Jacka

Founder of Greenfoot Africa | Developing a better way to transport thing's in Africa's urban

Bikes4Trees in Kilimanjaro

Successfully achieved a one-year partnership with the Upendo Group in Kahe through our Bikes4Trees Program

After the provision of 50 bicycles to upendo ground in Kahe on 2023 on September 2024 we hit a one year of working together in protecting the environment through planting trees in Schools, Hospitals, Mosquitos, Churches & Public Areas and Ables to plant **2,400** trees in the whole year by not only giving them the bicycles but also maintaining them for three phases.

Challenges

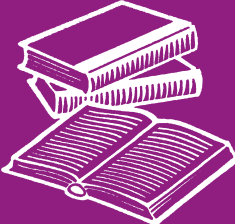

- One of the key challenges we faced during this quarter was the high demand for bicycles through our Bike2School program. This overwhelming demand has led to a scarcity of bicycles and the necessary resources to serve all the students who are in need.
- As we aim to take our Youth Bike Academy (YBA) champions to competitions and expose them to bicycle racing, we are encountering a shortage of essential cycling equipment, particularly racing bicycles and cycling shoes.

Learning

- Expanding Partnerships: To enhance lives through bicycles in Tanzania, we should focus on extending our network of partners who can join us in various initiatives, amplifying our impact.
- Equipment Needs for Competitions: The shortage of cycling tools for our Youth Bike Academy champions highlighted the importance of securing necessary resources in advance. It showed us that stronger collaborations with cycling brands, sponsors, and donors are crucial to ensure our athletes have the right tools for success in competitive environments.

Channels of Support

Numbers don't capture the full impact, so here's a qualitative overview of the tangible ways we've helped the community this quarter.

Access to Education

Through our Bike2School program, we have provided the easiest mode of transport to students, enabling them to reach school safely and on time.

Health care

Through our monthly rides, we help prevent non-communicable diseases and promote overall health.

Talent Development

Develop the street bicycle talents to cultivate them into international-class cycling talents.

Networking

Established a networking platform through our gala, launch events, and Impact Fun Rides.

Job Creation

Through our Cohort 1 Bikepreneur Program, we are proud to report the creation of **16 job** opportunities.

Impactful Stories

Shamzia's Story **A student at Chibelela Sec, Dodoma**

Being punished by the teacher on duty was the thing I was not able to avoid due to the late to school every day, I am a form two student we have to arrive at school at 7:00 am for a remedial.

But I wasn't able to make it due to the distance from our home. In order to reach school by 7:00 am, I had to leave home at 5:00 am because the walking distance is two hours. This was difficult for me as I had to wake up at 4:00 am to complete domestic chores. Moreover, it wasn't safe for me as a girl to walk in the early morning while it was still dark.

But everything changed when I received a bicycle from ABC Impact. I am amazed at how much this has transformed my daily life. Now, I can leave home at 6:15 am, arrive at school on time, and no longer feel as exhausted as before.

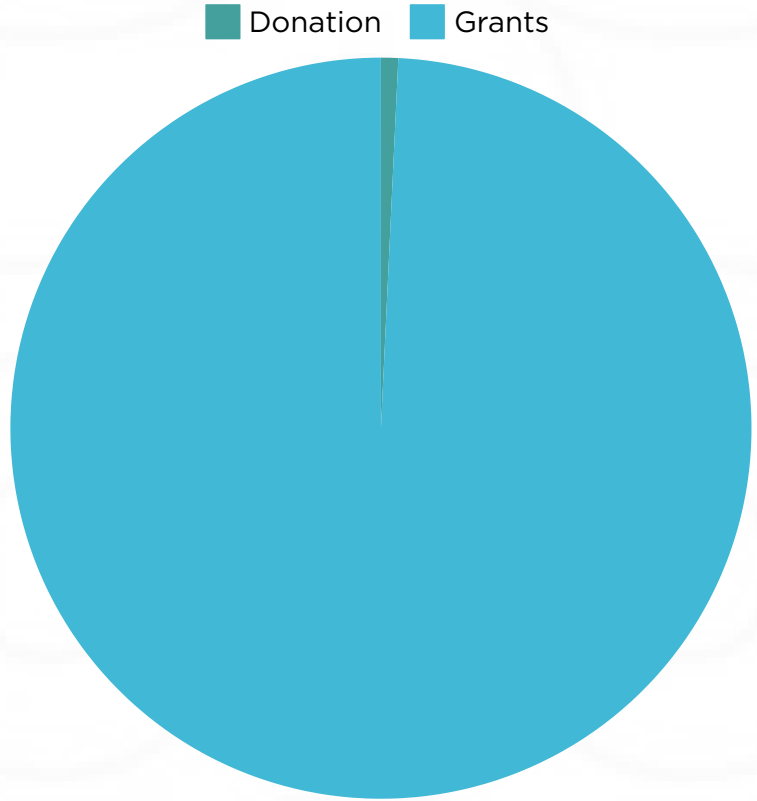

I have so many to speak about this help but in short, you're going to improve my academic performance and make me safe, reliable and comfortable.
