# Impact Stories

## Witness the Change

*“I used to leave home at 4:00 AM in complete darkness, afraid but determined to get to school.*

*The journey was long, full of challenges, and often, I arrived late, missing lessons. I never imagined this struggle would end before I finished Form 4.*

*But today, with my new bicycle, I can reach school safely, on time, and with energy to focus on my studies. Now, I see my dreams within reach.”*

**Evaline Palisoi, Form 2 student, Kia Day.**

Evaline’s story is just one among **thousands**. Her bicycle is more than just a mode of transport—it’s a bridge to education, safety, and a brighter future.
